Letter to the editor

Thank you for publishing Amy Goodman's editorials. The exposure of behind-the-scenes political machinations and manipulations of public opinion are in refreshing contrast to the conformity and superficiality of the many mainstream media. Her summary of the Watergate Affair, the pardoning of President Nixon by Ford and its relevance for the political situation today was very enlightening (KDM, Jan. 3, 2007).

I wish her quite informative and thought-provoking radio news program "Democracy Now" on KMXT-FM would air at a more accessible hour and not at 4 a.m. Luckily, I can now download it from the Internet and listen to it on my iPod.
